ABOUT THE STATE.

Items of Interest Gleaned from Our Exchanges.

W. H. Griswold of the town of Cambridge has served as town clerk nearly 49 years. If reelected next March he will have been elected 50 times—a remarkable record.

The Rev. E. M. Fuller, of Burlington, has gone to North Stratford, N. H. He expects to be absent from the city until May 11, visiting several towns in the interests of the Vermont State Sunday-school Association.

Hale Flint, who arrived from Chicago a few days ago, states that he intends to plant 40 acres of potatoes on the Ira Howard farm in Braintree this spring. This will be without a doubt the greatest amount of potatoes ever planted by one man in that vicinity.

C. W. Hobbs and two assistants have arrived in Shelburne with twenty-one horses that Dr. W. S. Webb recently purchased while in California. All but one are saddle broken and will be used on Shelburne Farms for riding to hounds.

The families of Gen. J. G. McCullough, F. B. Jennings, and Thornton Turner have arrived from New York and are occupying their summer residences at North Bennington. Mr. Jennings is making extensive improvements at Fairview by grading and putting in new driveways.

It is reported that Arthur Burt of Washington, D. C., who spends the greater part of the summer in Randolph, will sow on the Burt farm this spring about 22 acres of alfalfa, which has not as yet proved a very successful crop in this state, but Mr. Burt intends to give it a very fair trial.

During the past year the expense of the highways of the village of Randolph amounted to \$1,386.77 and the miscellaneous expenses of the village amounted to \$2,281.11 and the tax for the past year was \$25. During the past three years the village has paid the debt of the library site of \$3,500 with interest and as the trustees recommend a tax of only 18 cents for the coming year, it goes to show that the village is in a prosperous condition.

The April meeting of the Montpelier Association of Congregational Ministers was held in Montpelier Tuesday. The programme included papers on the following subjects: "The Congregational Church of Washington County," the Rev. F. A. Poole, of Barre; "The Church of Today and Amusements," the Rev. J. W. Goffin, of Berlin; "The Minister's Responsibility in Recruiting the Ministry," the Rev. D. H. Strong, of Williamstown; "The Attitude of the Church Toward Marriage and Divorce," the Rev. Dr. W. S. Hazen, of Northfield.

Charles P. Harris of Rutland has returned from Atlanta, Ga., where for the last three months, he has been acting as assistant manager for the McConnell Library Association. The work of the association is purely philanthropic. The purposes of the association is to bring about the establishment of libraries in the small towns in the South. During the last year libraries were established in 240 towns. Mr. Harris says that although he was strongly urged to go on with the work, he will not return to the South, as Mrs. Harris prefers to live in Vermont.

Albert H. Copeland of Chenoa, Ill., who left Middlebury 37 years ago for the West, is at the Logan House in Middlebury for a short stay. Mr. Copeland comes to town solely for the purpose of visiting old friends and recalling old times. He was formerly the express agent and one of the earliest telegraph operators here and also kept a book store and news room. Mr. Copeland sold the first daily papers that came to town regularly. He was also, he thinks, the first man in the world to run a railroad train by telegraph. He is 75 years old and extremely vigorous for his age.

FERTILIZER FREE FOR THE ASKING.

Farmers, gardeners, florists, seedsmen, greenhouse proprietors, nurserymen—indeed anyone who will send his name on a postal card to C. S. Page, Hyde Park, Vt., and simply say "I saw your advertisement in The Barre Daily Times, send me a sample of your Page's Plant Food"—will receive a sample promptly free, postpaid. From what we know of the reputation of Mr. Page we are inclined to believe that his Plant Food is an article of genuine merit and when you note the ingredients—and he will send them to you with the mail sample—you will see that the ordinary impositions that are too often practiced upon the farmers under the head of "Fertilizers" do not exist in Page's Plant Food. Address C. S. Page, Hyde Park, Vt.

Hotel Manager Wanted.

Hyde Park has a modern hotel, newly furnished within five years and equipped with steam heat, electric lights, bath-rooms, barn for livery stable and another for travel.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 5c. in stamps for sample to The Herpicide Co., Detroit, Mich.

A Satisfactory Conference.

The recent session of the Vermont conference at Enosburg Falls is spoken of as record breaker in attendance, both of clergy and laity, while the heartiness with which the people received and entertained found expressions of approval by all from the bishop down. There was no hitch in any of the arrangements, thanks to the management of the local pastor and his corps of assistants. The bureau of information under the management of C. L. Oviatt being particularly well conducted and a valuable factor. The enterprise displayed in publishing a list of appointments for free distribution was very much appreciated by the visitors. Taking it all around Enosburg Falls has occasion to cherish some pride in the outcome. All expenses were met without any unseemly begging. The people were not surprised that the bishop should desire the services of so skillful an organizer on the district.

Last Hope Vanished.

When leading physicians said that W. M. Smithart of Pekin, Ia., had incurable consumption, his last hope vanished; but Dr. King's New Discovery for Consumption, Coughs and Colds, kept him out of his grave. He says: "This great specific completely cured me and saved my life. Since then I have used it for over ten years and consider it a marvelous throat and lung cure." Strictly scientific cure for coughs, sore throats or colds; sure preventive of pneumonia. Guaranteed. 50c and \$1.00 bottles at the Red Cross Pharmacy. Trial bottle free.

About Making Gardens.

There is nothing better than pure ground bone in making gardens. A teaspoonful in a hill is a permanent benefit, lasting all summer. Enclose \$3.25 in check or postal money order, or in a registered letter, and a trial barrel will be shipped to you promptly. If you don't need it all divide it with your neighbors. We publish a little booklet showing how to use ground bone as a fertilizer in gardens and in greenhouses and to promote the growth of your flowers and shrubbery. Send your name on a postal card and it will be sent to you free by return mail. C. S. Page, Hyde Park, Vt.
